The Scottish Parliament has power to vary the income tax rate for income other than savings or dividends. The rates above apply to the rest of the UK.

Class 4 contributions are 9% of annual profits between £8,424 and £46,350 (2017/18 - between £8,164 and £45,000), and 2% thereafter.

INVESTMENTS AND SAVINGS

Enterprise Investment Schemes and Venture Capital Trusts

Income tax relief and maximum qualifying investment per year	%	£
Seed Enterprise Investment Scheme ("SEIS")	50	100,000
Enterprise Investment Scheme ("EIS")	30	1,000,000
Venture Capital Trust ("VCT")	30	200,000

The minimum period of ownership necessary to avoid withdrawal of income tax relief is three years for EIS and SEIS investments, and five years for VCT investments.

From 6 April 2018 for EIS investments, the limit is doubled to £2million, where the investment is in 'knowledge-intensive' companies.

Capital gains tax relief

Any gain on investment in an EIS or SEIS company on which income tax relief has been given will be exempt from capital gains tax on a subsequent disposal after three years, subject to certain conditions. All gains on the disposal of shares in VCTs are exempt, up to the maximum qualifying investment.

50% of capital gains reinvested into a subscription for shares that qualifies for SEIS income tax relief in the same or following tax year are exempt from capital gains tax. The relief is withdrawn in circumstances where the related SEIS income tax relief is withdrawn.

Capital gains tax deferral (EIS only)

Tax on capital gains can be deferred if the gains are reinvested into a subscription for qualifying (broadly, EIS) shares, without limit. Gains eligible to be reinvested are those realised within three years before and one year after the date of the subscription for the EIS shares. The deferred tax falls due when the related EIS shares are either disposed of or cease to be qualifying shares.

Individual Savings Accounts (ISAs)

For 2018/19 the annual ISA subscription limit is £20,000 (2017/18 - £20,000). Subscription can be into any combination of cash or stocks and shares ISAs.

The account is free of all income tax and capital gains tax. Withdrawals may be made from the account at any time without loss of tax relief.

The Junior ISA limit is £4,260 (2017/18 - £4,128). Withdrawals cannot normally be made until the child is 18.

The Help To Buy ISA enables first time house buyers to save up to £200 each month together with an additional £1,000 in the first month. The funds must be used towards the purchase of their first home. The amounts saved receive a government bonus of 25% up to a maximum bonus of £3,000 per annum.

The Lifetime ISA allows individuals to save up to £4,000 per annum with a contribution from the government of an additional 25%. The funds may be drawn to purchase a first home or at any time after the age of 60. This £4,000 counts towards the £20,000 ISA limit.

PENSIONS

	2018/19 £	2017/18 £
Lifetime Allowance limit (note 1)	1,030,000	1,000,000
Annual Allowance limit (note 2)	40,000	40,000
Money Purchase Annual Allowance (note 3)	4,000	4,000

Notes:

- The lifetime allowance is set to increase each year with inflation.
- The annual allowance is tapered by £1 for every £2 of adjusted income in excess of £150,000 subject to a minimum of £10,000. If relief is not used in a year it may be carried forward up to 3 years provided the individual was a member of a registered scheme in the year to which the unused relief relates.
- The money purchase annual allowance relates to those individuals who have already started to draw pension benefits. There is no ability to carry forward unused allowances from the previous 3 years.

RESIDENT NON-UK DOMICILIARIES

Non-UK domiciliaries who have been resident for less than 15 out of the 20 previous tax years can claim the remittance basis such that their foreign income and gains are only subject to UK taxation to the extent that they are remitted to the UK.

No remittance basis charge is payable by resident non-UK domiciliaries who:

- have been resident in the UK for fewer than 7 out of the previous 9 tax years; or
- have unremitted foreign income and gains of less than £2,000; or
- are under the age of 18 for the whole tax year; or
- are dual resident and protected by a double taxation agreement.

at least 12 of the previous 14 tax years

60,000 60,000

N/A N/A

In most cases, remittance basis users will not be entitled to the annual income tax allowances and capital gains tax annual exemption. When the remittance basis is not claimed, resident non-UK domiciliaries will be subject to UK taxation on their worldwide income and gains (including deemed income and gains).

From 6 April 2017, resident non-UK domiciliaries will be deemed domiciled in the UK for income tax, capital gains tax and inheritance tax purposes where they have been resident in the UK for 15 or more of the previous 20 tax years.

Gains	2018/19 %	2017/18 %
Individuals - gains within basic rate band (note 2)	10	10
Individuals - gains exceeding basic rate band (note 2)	20	20
UK Trusts and estates in administration	20	20
Self settlements and certain offshore trusts (note 3)	20	20

Notes:

- The disposal of residential property, not qualifying for main residence relief, attracts a surcharge of 8%. This also applies to carried interest.
- The remaining basic rate band is calculated as £34,500 (2017/18 - £33,500) less taxable income and any gains on which entrepreneurs' relief has been claimed.
- Capital payments from certain offshore trusts are chargeable at rates applicable to individuals plus a maximum supplementary charge of 60% of the tax.
- Non-resident individuals, trustees and companies are only subject to capital gains tax on the disposal of UK residential property at a rate of 28% including surcharge (subject to rebasing and certain reliefs). From 1 April 2019 for companies and 6 April 2019 for individuals and trustees, capital gains tax for non-residents will be extended to cover disposals of all UK immovable property, including commercial and agricultural property.

Annual Exemption	2018/19 £	2017/18 £
Individuals	11,700	11,300
Trustees	5,850	5,650

The annual exemption available to trusts is normally divided equally between all those UK resident trusts made by the same settlor after 6 June 1978. The minimum exemption per trust is one tenth of the full annual exemption for individuals.

Indexation Allowance

For disposals prior to 1 January 2018, companies receive Indexation Allowance on capital gains as a percentage of base cost, calculated with reference to increases in the Retail Price Index since 31 March 1982 or, if later, the date of acquisition.

Indexation will be frozen from 1 January 2018 with relief due only with reference to the Retail Price Index at December 2017.

Entrepreneurs' Relief

Gains made by individuals and by trustees (where a life interest beneficiary has a qualifying interest in the business) on the disposal of the whole or part of a business, certain business assets or relevant shareholdings will qualify for this relief as follows:

- The asset must have been a qualifying asset for at least one year.
- Claims may be made on more than one occasion up to a lifetime limit of £10 million for disposals occurring on or after 6 April 2011.
- Taxable gains are charged at a rate of 10%.

Investors' Relief

Gains made by individuals and by trustees (where a life interest beneficiary is an eligible beneficiary) on the disposal of shares in unlisted trading companies will qualify for this relief as follows:

- Newly issued shares must be subscribed to after 17 March 2016 and held for at least 3 years from 6 April 2016
- Claims may be made on more than one occasion up to a lifetime limit of £10million
- Taxable gains are charged at a rate of 10%

Notes:

- The reduced rate applies to taxable estates where 10% or more of the estate is left to charity.
- The residence nil rate band will be withdrawn by £1 for every £2 that the net value of the estate exceeds £2 million.

Potentially exempt transfers

Inheritance tax does not generally arise on lifetime transfers between individuals provided that the donor survives the gift by at least 7 years.

Reduced tax charge on gifts within seven years of death:

Years before death	0-3	3-4	4-5	5-6	6-7
% of full tax charge at death	100	80	60	40	20

Credit is given for tax paid on lifetime transfers within seven years of death. If the value of the lifetime transfer falls within the nil rate band, the above relief may have no effect.

Trusts

Transfers to trusts (other than charitable trusts, trusts for people who are disabled and trusts established on death) are taxed as lifetime transfers.

Discretionary trusts and most trusts created on or after 22 March 2006 are subject to an IHT tax charge of up to 6% every 10 years, and exit charges.

For land and buildings the taxable benefit is the open market rent. For chattels and intangible property, the taxable benefit is determined by applying the official rate of interest to the capital value of the asset. Most assets are to be revalued every 5 years.

CAR & FUEL BENEFITS

Company car benefits

The benefit is calculated using a percentage of the list price when new. This percentage is determined as follows:

CO ₂ emissions (g/km)	2018/19	2017/18
0 - 50	13%	9%
51 - 75	16%	13%

- 1 The maximum percentage is 37% (2017/18 - 37%).
- 2 For diesel cars, the percentage is increased by 4% (2017/18 - 3%), still subject to the above maximum. Not applicable to RDE2 standard cars.
- 3 Different rules apply for vehicles which meet the definition of a company van.

Fuel benefit scale rates

The benefit is calculated by applying the percentage as determined for car benefits to the fixed amount of £23,400 (2017/18 - £22,600). The fuel benefit scale charge is reduced to nil if the employee is required to, and does, make good the cost of all fuel provided for private use. Employer-provided electricity for use in employees electric or hybrid cars is an exempt benefit.

Authorised annual mileage rates

Tax free mileage allowances are 45p per mile on the first 10,000 miles, and 25p thereafter. For National Insurance purposes the mileage allowance is 45p per mile irrespective of annual mileage.
